

Keeping the \$\$ safe at Bank of Baroda

Location	Auckland, New Zealand
Brief	Protect the bank's assets Satisfy their insurers Match their quality brand
Solution	8 Bully Boy bollards All fixed

BACKGROUND

Bank of Baroda is India's International Bank, with offices in 26 countries including the world's major financial centres i.e. New York, London, Brussels, Dubai, Hong Kong and Singapore.

The bank has 37 million global customers and continues to grow its customer base and global reach at speed.

SITUATION

Bank of Baroda is a large prestigious international bank and requires very high security standards, for the comfort of both their customers and their insurance company.

Visual appeal is also an important criteria.

SOLUTION

Ram raids have become very common over the last few years and so the bank has installed bollards all the way across the front side of the bank, to eliminate any possibility of this crime occurring.

The bollards were installed before opening to ensure a spotless theft record right from day 1.
